Dear [REDACTED] STATINTL

It is a pleasure for me to express the appreciation of the faculty and students of the Industrial College of the Armed Forces for your most effective participation in the seminar held here on "The Petroleum Industry in Western Europe and Japan."

I have been informed by the faculty moderator that your discussion provided a broad base of knowledge concerning this important area of study and that the seminar proved to be stimulating and profitable to our students. The students particularly appreciated your comprehensive answers to their questions.

We appreciate your valuable contribution to the work of the College and thank you for assisting us in our educational program.

Sincerely,
